

PE and Sports Premium: Nicholas Church of England Primary School

Academic Year: 2018 - 2019

This year, we continue to be energised and fully committed to getting the very best provision for our pupils. This additional funding from the government to all state primary schools allows us to achieve our high standards in sports. Our school's Governing Board receives information from the Headteacher and School Business Manager on how this funding is spent; governors then monitor the impact. Total = £16 831

Sports Premium Funding is ring fenced and therefore can only be used on the provision of Healthy Bodies and the provision of PE/Sports at St Nicholas. Schools are required to report on the amount of funding received and how the funding is being used.

Focus for spending	2018 - 2019	Impact
Contributions to KA for inter schools sporting events.	£200	<ol style="list-style-type: none">1. Winners of the local schools Area Athletics Festival - this allowed us to gain a place in the County Finals.2. Placed 7th top school in the County Finals 2018.3. Winners of the local schools Netball Tournament. Our team won every one of their netball matches against local schools.4. Winners of the Area Cross Country Challenge - some of our pupils set new running records for the 2019 event.
Sport Active multi sports course (after school club) Premier Sport	£1890	
Contribution to after school sports clubs/lunchtime sports clubs - specialist sports coaching - Pro Coaching	£5700	
Gardening/Forest School focus work - pond work	£1800	<ol style="list-style-type: none">1. Pupils have an increased knowledge of planting, tending

		<p>and harvesting of our garden produce.</p> <p>2. Again. Another win in the 2018 Stalbridge Produce Competition - winning carrots. (Cup and certificate presented to school.)</p>
Transport for sporting events	£350	1. Attendance at sporting events and competitions has increased.
New sporting equipment	£2000	1. Scandinavian scootn'rides in use for Autumn A 2018 - all pupils allocated focus days for this extra exercise throughout the school day.

New 'healthy eating' signage	£200	1. Vegetable and Fruit information signs purchased for side of Ladybird Class. This allow the children to reflect on what goes in to their bodies and why certain foods are essential for a healthy, balanced diet.
LOTG (Learning Outside the Classroom).	£2000	1. LOTG expert booked to come and work with KS2 pupils. Programme to start in Autumn 2018.
To be allocated during the year	£391	

Impact?

Here are some questions to consider to monitor on-going impact:

- What events have our pupils attended?
- Verbal feedback on how our new scootn'rides are working.

- How well have they performed - placing + behaviour/attitude/effort?
- How many are attending netball club? Athletics? Football?
- Feedback from parents and staff members?
- Feedback from Pro Coaching/Premier Sport coaches?
- Feedback from staff on swimming groups and on how individuals are progressing. More water confident? Skilled? Enjoyment levels? Impact on out of school activities?

Once the Summer Term is nearing an end, the above questions and answers will form the basis of the monitoring and evaluation/impact report.
